**Proceedings of the Madras Government, Public Works Department,
14th October 1867.**

No. 252. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Cuddapah, 4th October 1867. No. 1,825:—

| <p>1 Estimate for opening windows in the eastern and western walls of the Cholera-ward, and two windows in the Bath-room in the Military Hospital at Kurnool</p> <p>1 Do. for demolishing the curtain wall north of the Military Hospital and throwing the spoil into stagnant pools</p> <p>1 Do. for demolishing the glacis and bastion in rear of Major Lateward's buildings</p> <p>1 Do. for constructing a Dead-room for the Military Hospital</p> | <p>170</p> <p>860</p> <p>776</p> <p>650</p> |
|--|---|

I have the honor to submit, for the sanction of Government, the estimates as per margin for works at Kurnool, which have received the approval of His Excellency the Commander-in-Chief, and beg to inform you that I have no funds available for carrying them out.

The two estimates, amounting together to Rupees 1,636, for removing portions of the fort walls at Kurnool and for filling up holes are proposed in paragraphs 8, 25, 27, 29, and 37 of the

Sanitary Commissioner's Report on the station of Kurnool, circulated with G. O. No. 1,897 of 22nd May 1867, in the Military Department.

The other two estimates are for a Dead-house and for improvements in the European ward, sometimes used as a Cholera-ward Hospital, this last is referred to in paragraphs 31 and 34 of the Sanitary Commissioner's Report. As regards the Dead-house, I did propose a more roomy and better lighter and ventilator building, but the Major General Commanding the Division did not think there was any necessity to incur much expense as few, if any, *post mortem* examinations would ever require to be held in it.

No. 253. ORDER THEREON, 14th October 1867, No. 3,171.

MILITARY WORKS, No. 19.

The undermentioned estimates for Military works at Kurnool are approved, but as no funds are available their execution must be deferred:—
