*Proceedings of the Madras Government, Public Works Department,
21st October 1867.*

No. 416. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Department Public Works, dated Camp at Dowlaishwaram, 11th October 1867, No. 149:—

1. I have the honor to remark that from the Acting Superintendent of Marine's letter, dated 25th September, and communicated to me in Government Order No. 3,047, dated 1st October, it would appear that he is under the impression that the Paumben Steam Tug is in charge of an Executive Engineer, whereas the Marine department have been in charge of her and the stores belonging to her for many months.

2. I will direct the Executive Engineer to make an estimate for making her fit to go to sea. When this is sanctioned the Superintendent of Marine should be ordered to have her brought inside the bar, so that the necessary alterations and repairs can be conveniently executed.

No. 417. ORDER THEREON, 21st October 1867, No. 3,253.

CIVIL WORKS, No. 38.

Communicated to the Superintendent of Marine.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

No 149.

Superintending Engineer's Office
1st Division Camp Doublaisrains
11th October 1867. 3

From Captain J. Buckley R.E.
As Superintending Engineer 1st Div.

To Colonel C. A. Orr R.E.
Secretary to Govt. A.P. Works

Sir, I have the honor to remark that, from the Acting Superintendent of Marine's letter, dated 25th September, and communicated to me in Government Order, No 3047, dated 1st October, it would appear that he is under the impression that the Pamunkey Steam Eng is in charge of an Executive Engineer — whereas the Marine Department have been in charge of her and the stores belonging to her for many months.

2. I will direct the Executive Engineer to make an Estimate for making her fit to go to sea. When this is sanctioned the Superintendent of Marine should be ordered to have her brought inside the bar, so that the necessary alterations and repairs can be conveniently executed.

I have &c &c

J. Buckley. Captain
