*Proceedings of the Madras Government, Public Works Department,
23rd October 1867.*

No. 477. Read the following Proceedings of the Board of Revenue, dated 11th October 1867, No. 6,587.

Read the following letter from the Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 26th September 1867, No. 217:—

	Contribution.				Balance to be provided by Govt.			
	RS.	RS.	A.	P.	RS.	A.	P.	
Increasing waterway of Katampalli dam .	730	167	11	7	562	4	5	1. Two estimates, as noted, were submitted for the repairs and slight improvement of the (1) Katampalli and (2) Pallat dams, in the Kurumbernad talook of this district.
Do. Pallat do. . .	520	260	0	0	260	0	0	2. The landholders and cultivators of the vicinity agreed to contribute Rupees 167-11-7 for Katampalli, and Rs. 260 for Pallat dam.

NOTE.—Approximate extent of cultivation under each tank cannot be traced in the records of this office, but has been called for from the talook.

3. I requested the Superintending Engineer to provide funds. He replied that he had none.

4. The works appear to have been contributed to by Government in former years, though, as they have not required Government expenditure of late years, they seem to have slipped out of the returns.

5. It is very desirable that every encouragement should be given to irrigation works in Malabar, where, though very few exist, I cannot but believe many remunerative ones might be constructed.

6. I beg, therefore, sanction for the small sums required, and that the Superintending Engineer may be instructed to provide funds. The works can be carried out by the Revenue Department.

Submitted to Government, with the Board's request that the necessary orders may be issued to the Superintending Engineer through the Department Public Works. The Board quite concur with the Collector's remarks on the expediency of encouraging private outlay on irrigation works.

Transferred to the Department Public Works for disposal.
