*Proceedings of the Madras Government, Public Works Department,
24th October 1867.*

No. 517. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 21st October 1867, No. 3,489 :—

1. Adverting to G. O. No. 3,239, dated 19th instant, I beg to state the room at the Government Stamp Office was inspected by me on the 18th instant, the day I received the report of the accident.

2. The Executive Engineer was building a terrace roof, supported on the two pillars which existed in the room. These were built of bad material, and crushed under the weight. I delayed reporting the matter the same day, as Captain Goddard promised to inform me at once the cost of re-building the work, which I intended to enter in my letter to Government. I shall send full particulars in two or three days.

No. 518. ORDER THEREON, 24th October 1867, No. 3,304.

CIVIL WORKS, No. 53.

Ordered to be recorded.
