25th October 1867.

No. 555. Read the following Enborsement of the General Superintendent of Workshops and Public Works Stores, dated Madras, 16th October 1867, No. 902:—

Read the following letter from Mr. J. GRAY, Storekeeper, to the General Superintendent of Public Works Stores, dated Chempauk, 7th October 1867.

1. I beg respectfully to solicit that you will be so good as to submit, with your recommendation, to the Officer in charge of the department this my application, that the Government may be moved to grant me carriage instead of horse* allowance at present drawn by me.

2. The loss in cattle and the wear and tear of the conveyances, necessitating frequent repairs since its purchase, bears hard upon me, and I am constrained to solicit this boon in the humble but earnest hope that it will meet with indulgent consideration.

Forwarded to the Secretary to Government, Public Works Department, with a request that Mr. Gray may be allowed increased carriage allowance. Mr. Gray has ample work for one horse, inspecting the landing and shipping of stores, also despatching stores by railway.

No. 556. ORDER THEREON, 25th October 1867, No. 3,319.

ment: Most truly my application, that the
Grassmarket may be moved to front
the Carriage instead of Horse Allowance

tear of the conveyances necessitating
frequent repairs since this purchase
has been upon me, and I am con-
strained to solicit this loan in the
humble but earnest hope that it will

To Mr. Maunier Esq. C. S.
General Dpt. Workshops & Public Works, Stores
In submitting the enclosed
application for the grant of
carriage allowance, I beg to
state that since some allowance
was granted to me by Council
I have had two horses for
which I paid £175, realizing
by date repairs £45 for both
the animals which I purchased
for £120. I have had no repairs
from time to time about £100
and the last unfortunate break
down by a cart laden with barrels
leaving

training no contact line, new put
me to a change of the 130, under
the line of a carriage while mine
is under repair. For the first
time, my horse, the third purchase
has been sick, so that I have
now to pay for a carriage on
his being idle. The keep of
a horse, the veterinary bill
for medicine and attendance
and further the hire of other
carriages daily for the per-
formance of my work. The
horse allowance drawn by me
is just sufficient for the keep

of a horse leaving no margin
for wear and tear of a
carriage. Under the above
explanation I humbly trust
that you will see good reason
for recommending the loan
I solicit.

I am Sir

Your Most Obedt Servant
