*Proceedings of the Madras Government, Public Works Department,
25th October 1867.*

No. 563. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 21st October 1867, No. 3,490:—

1. I have the honor to bring to the notice of Government that the Controller has refused to pass the salary of Mr. Duprat, a Surveyor whom I appointed for employment in the North Arcot District, on the authority of G. O. dated 24th October 1866, No. 3,402, sanctioning temporary establishments for the investigation of irrigation projects.

2. He refuses to pass more than Rupees 19-8-0 per mensem under G. O. of the 23rd October 1866, No. 309, Educational Department, and quotes the Orders of Government No. 1,725, dated 8th June 1867, in the case of Captain Magnay's Executive Engineer's Office, when the relaxation of the rules was not permitted.

3. Though the rule presses hard in this case even, as qualified men will not readily take employment in Offices temporarily established, yet the case is not a similar one, as Clerks are more easily obtainable than Surveyors and Draughtsmen, and I beg that exception may be made in the case of these men.

4. I have had considerable difficulty in obtaining qualified men for the five temporary establishments of my Division. Two of the Surveyors have been employed for some years subsequent to 1859 in the Revenue Survey Department, without losing any portion of their salary. If any of the four unpassed Candidates and the Draughtsmen under them whom I have entertained are now dismissed, I do not believe I can supply their places so as to get the work done.

No. 564. ORDER THEREON, 25th October 1867, No. 3,323.

ESTABLISHMENT, No. 71.

As special qualifications are essential for appointments in the executive branch of the Public Works Department, the orders prohibiting the employment in the public service of persons who have not passed the Uncovenanted Civil Service Examination, General Test, are not applicable to the cases of the Surveyors and others who have been entertained under the sanction conveyed in the Proceedings of Government of the 24th October 1866, No. 3,402. The Controller of Public Works Accounts is accordingly authorized to pass the salaries of these temporary establishments without further reference to Government.
