Proceedings of the Madras Government, Public Works Department, 5th February 1867.

No 85. Read the following Circular from the Government of India, Public Works Department, (Military Works,) to the Secretary to Government of Madras, Public Works Department, dated Fort William, 2nd January 1867, No. 2:—

1. In continuation of Public Works Department Circular No. 61, dated the 30th July 1866, I am directed to forward, for future guidance, the accompanying approved lithographed plans, which show in detail the lower-floor arrangements of double-storeyed barracks for one and two Light Field Batteries and Head Quarters of a Brigade of Artillery.

2. The precise arrangements for anything beyond two Batteries and the Head Quarters of a Brigade, will depend very much upon the way in which the buildings of the Artillery Detachment at any station may be placed. But the two sets of plans now forwarded will suffice to enable Local Governments to meet the special requirements of the particular force of Artillery quartered at any station.
