Proceedings of the Madras Government, Public Works Department, 6th February 1867.

No. 105. Read the following letter from the Under Secretary to Government, P. W. D., in charge of Public Works Store Department, to the Secretary to Government, Public Works Department, dated Chepauk, 25th January 1867, No. 1,345 :—

Packing Account.

1. I have the honor to return, for re-transmission, to the Home Government, the Packing Account of Public Works Stores per "Latona" for Madras.

2. With the exception of the breakage in the plate-glass noted in the column of remarks, the whole of the stores have been delivered correct and in good order.

No. 2,869.

3. The Committee of Survey, which assembled to report on the case landed broken, have exonerated the ship from blame.

Nos. 2,686-87-90.

4. The cases marginally noted presented no external marks of ill-usage, but on examining their contents (20) twenty panes of glass in all were found broken.

5. As the broken glass will hardly realize any thing if sold by public auction, I request the sanction of Government to its being made over to the Mathematical Instrument Maker's Workshop, where Mr. Doderet is about setting up a glass grinding machine for manufacturing optical glasses, to re-place those damaged or lost belonging to instruments sent for repair. Mr. Doderet states that this broken glass is exactly what is principally required for the above work.

No. 106. ORDER THEREON, 6th February 1867, No. 370.

ACCOUNT, No. 17.

1. Ordered that the Packing Account received with this letter be forwarded to the Right Honorable the Secretary of State for India.

2. The proposal in paragraph 5 is approved.

(Here enter No. 371, dated 6th February 1867.)
