Public works DEPARTMENT.

G.O. No. 3790 Press Mis.

1904-05

Dated 5 12 1905.

Not to be folded or roughly handled

No. 104. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 27th November 1867, No. 4,119 :—

1. I have been requested by Mr. Barnes, Honorary Secretary of the Ennore Rowing Club, to obtain the permission of Government for the erection of a boat-house on the bank of the Cooum river.

2. The space required will be about 40 feet in length by 12 feet in breadth, and the Club would select as a site a spot one hundred yards to the west of the Wallajah bridge, between the public road and the edge of the water, or another at the same distance to the east of the Government House bridge, behind the Body Guard lines, both localities being on the Island. The latter site is preferred, but the Committee will be glad to erect the boat-house on any spot pointed out to them. I see no objection to its erection, provided the structure is built so as to offer no obstruction to the river currents.

No. 105. ORDER THEREON, 5th December 1867, No. 3,790.

CIVIL WORKS, No. 21.

The Government have no objection to a boat-house being erected on the bank of the Cooum river, at either of the spots indicated, at the cost of the Ennore Rowing Club.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.

Madras 27th November 1867.

From,

Lieutenant Colonel J. Dean R. E.
Jr. Superintending Engineer 4th Div.

To,

Colonel C. S. Orr R. E.
Secretary to Government G. W. D.

Sir,

I have been requested by Mr. Burnell Honorary Secretary of the Coonoor Rowing Club, to obtain the permission of Government for the erection of a Boat House on the bank of the Coonoor River.

2 The space required will be about 40 feet in length by 12 feet in breadth, and the Club would select as a site a spot one hundred yards to the west of the Wellajah Bridge between the public road and the edge of the water, or another at the same distance to the east of the Government House Bridge behind the Body Guard lines, both localities being on the Island.

The

The latter site is preferred, but the Committee will be glad to erect the Boat-House on any spot pointed out to them.-

I see no objection to its erection provided the structure is built so as to offer no obstruction to the river currents.-
