*Proceedings of the Madras Government, Public Works Department,  
5th December 1867.*

No. 106. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Dowlaishweram, 26th November 1867, No. 197:—

In paragraph 4 of G. O. No. 2,430, of 9th August 1867, it is stated that the works entered in the monthly Returns furnished by Range Officers to the Collectors, should be only those which relate to District roads, but the Collector of the Godavary desires that other works, such as "maintaining avenue trees," "repairing ferries, &c.," should also be exhibited. I therefore have the honor to request instructions whether all the works, as required by the Collector, are to be entered in the document under reference, or only those which relate to *District roads*.

| <i>Account.</i>     |

Although no mention was made in the Order of the 9th August 1867, No. 2,430, of the conservancy of avenue trees or the maintenance of ferries, the Government are of opinion that wherever charges under those heads are debited to Local Funds, they should be exhibited in the monthly Returns furnished to Collectors in the manner prescribed for works carried out from the District Road Cess collections under the agency of the Public Works Department.
