*Proceedings of the Madras Government, Public Works Department,
7th December 1867.*

No. 156. Read the following letter from the Officiating Secretary to Resident Hyderabad, Department Public Works, (Civil Buildings,) to the Secretary to the Government of Madras, Public Works Department, dated Bolarum, 29th November 1867, No. 2,094:—

1. I am directed by the Resident at Hyderabad to acknowledge the receipt of your No. 3,544, of the 16th instant, forwarding copy of Proceedings of the Madras Government in the Ecclesiastical Department of 7th idem, and requesting that an estimate for certain alterations to the School-room used as a Church at Trimulgherry may be furnished.

2. I am to enquire, in reply, if the request for the submission of estimates by the Public Works Officers employed under this Administration for the orders of the Government of Madras, has not been made under some misapprehension. The Resident believes that, under the Rules laid down by the Government of India, if these estimates be submitted, the Government of Madras will be unable to grant funds for the work from the grants for Public Works under that Government. Nor does he think that it can be intended by His Excellency the Governor of Madras in Council to sanction expenditure from the Budget allotments of this Administration, which is quite separate. In fact, this Church is under the Public Works Department of the Hyderabad Administration, which receives its funds from the Government of India. On the other hand, as the Madras Government supplies the Chaplain, the Resident will always be happy to meet the requirements of the Madras authorities, so far as he possibly can.

3. I am to add, for the information of His Excellency the Governor in Council, that a considerable portion of the wants connected with this temporary Church, brought to notice by the Chaplain of Trimulgherry, and recommended by the Venerable the Archdeacon of Madras, have already been represented to Sir Richard Temple, and had his attention, and that the remainder will be supplied as far as authorized by the Rules of the Public Works Department, and as funds are available.

4. I am also to advert to the remark made by the Reverend A. Bartlett, in his letter dated 2nd September, to the Venerable the Archdeacon of Madras, to the effect that "The building hitherto used as a School-church at Trimulgherry" "having been given over entirely for the use of the Church." This may require explanation as follows: the orders of the Government of India referred to do indeed approve its being used at present for a Church. But there is a distinct proviso "that its use as a School-house again, whenever required, be not in any way "interfered with."

Civil Buildings-

Sir, I am directed by the President at Hyderabad to acknowledge the receipt of your No. 3544 of the 16th instant, forwarding Copy of proceedings of the Madras Government in the Ecclesiastical Department of 4th Idem and requesting that an estimate for certain alterations to the school room, used as a Church at Trimmulgherry, may be furnished.

2. I am to enquire in reply if the request for the submission of Estimates by the P.W. Officers employed under this Administration for the orders of the Government of Madras has not been made under some misapprehension. The President believes that under the Rules laid down by the Government of India if these estimates be submitted the Government of Madras will be unable to grant funds for the work from the grants for-

for P. Works under that Government. Nor does he think that it can be intended by His Excellency the Governor of Madras in Council to sanction expenditure from the budget allotments of this Administration which is quite separate. In fact this Church is under the public Works Department of the Hyderabad Administration which receives its funds from the Government of India. On the other hand as the Madras Government supplies the Chaplain, the Resident will always be happy to meet the requirements of the Madras Authorities so far as he possibly can.

3. I am to add for the information of His Excellency the Governor in Council that a considerable portion of the wants connected with this temporary Church brought to notice by the Chaplain of Simulgherry and recommended by the Venerable the Archdeacon of Madras have already been represented to Sir Richard Temple and had his attention and that the remainder will be supplied as far as authorized by the rules of the P. W. Department and as funds are available.

4. I am also to advert to the remark made by the Rev. A. Bartlett in his letter dated 2nd September to the Venerable the Archdeacon of Madras to the

effect that the Building hitherto used as a School Church at Simulgherry having been given over entirely for the use of the Church. This may require explanation as follows; the orders of the Government of India referred to do indeed approve its being used at present for a Church. But there is a distinct proviso that its use as a school house again whenever required be not in any way interfered with.
