1. I have the honor to request that the Order of Government No. 3,524, dated 15th ultimo, may be communicated to the Collector of Madras, with instructions to put the Executive Engineer of this Department in immediate possession of the ground at the Spur Tank allotted to the Municipality, as, on my applying to the Collector for the said land, he replied that the Order of 15th ultimo had not been communicated to him, and in the absence of such order he does not feel competent to make the requisite transfer.

2. With reference to the remaining portion of the land at Spur Tank, which by paragraph 1 of said Order Government reserve for a Public Work brick-field, on the Superintending Engineer, 4th Division, applying to me for a license to establish a brick-field and kilns thereon, I replied that a license can be granted, but care must be taken that the kilns are at such a distance from the road and houses as not to be a nuisance to the neighbourhood, and that the kilns be constructed in such a manner as will not be objected to by owners of property in that locality.
