*Proceedings of the Madras Government, Public Works Department,
9th December 1867.*

No. 194. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Cuddapah, 27th November 1867, No. 2,286:—

1. With reference to Government Order, No. 3,479, of the 11th instant, I have the honor to inform you that the pitch appears to have been got from Madras in 1858, and was placed in a masonry cistern built for the purpose near the Hindry bridge in the old store-yard. When the stores were transferred in 1863, it was not thought advisable to incur the expense of constructing another cistern, and so the pitch was left in the old cistern, being occasionally inspected to see that it was all right. It was seen by Overseer Cothandapany Moodelliar on the 5th September, and by the Maistry employed on the Cantonment works on the 12th idem; on the date of the next inspection, viz., 22nd September, it was found missing: a report was sent to Captain Hunter, who was out in the district at the time, which report reached him on the 26th idem. Inquiries and search were made at all the artisans' shops, but no trace of it was discoverable.

2. The robbery was reported to the Police on the 1st October 1867, but nothing has been since heard.

No. 195. ORDER THEREON, 9th December 1867, No. 3,836.

ACCOUNT, No. 16.

Under the explanations afforded, the pitch referred to in this letter may be removed from the accounts of the Kurnool Range.
