No. 7,278.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 7th November 1867.
 Read the following letter from J. FRASER, Esq., Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Coconada, 14th October 1867, No. 282:—

1. The Acting Superintending Engineer having consulted me as to the advisability of building Watching Sheds of brick in chunam and with tiled roof, instead of as at present perishable thatched ones, I concurred with him. He accordingly prepared plan and estimate, amounting to Rupees 200, being cost for one shed.

2. I have the honour, in forwarding the above estimate, &c., for sanction, to state that there are twenty-one Watching Sheds, used by the Sea Customs and Frontier Establishments, in this District. All of them should be, in my opinion, constructed in this manner, and the cost will amount to Rupees 4,200.

3. I forward copies of correspondence, between myself and the Superintending Engineer, on the subject.

ENCLOSURE No. 1.

From Captain T. BECKLEY, R. E., Acting Superintending Engineer, First Division, to the Collector of the Godavery District, dated Camp at Dowlasweram, 27th August 1867, No. 134.

1. With reference to your letter, No. 59, dated 26th July 1867, I have the honour to inform you that orders have been issued for the repairs of the Custom-house Watching Sheds.

2. I beg to suggest that, in future, repairs to these sheds should be executed by the Revenue Department, as the estimates for repairing them are small, and they are in out-of-the-way places, and it, therefore, seems to me advisable that the department using them should keep them in repairs, as is done in case of the Police Sheds.

3. I beg also to suggest, for your consideration, whether it would not be an improvement to build small watching places, twelve feet square, of brick in chunam with tiled roofs, in lieu of these sheds.

From J. FRASER, Esq., Collector of the Godavery District, to the Acting Superintending Engineer, First Division, dated Coconada, 31st August 1867, No. 59.

1. In reply to your letter of the 27th instant, No. 134, I have the honour to inform you that measures will be adopted to execute repairs to the Watching Sheds by the Revenue Department when required in future.

2. I agree with you as to the expediency of building Watching Sheds of brick and chunam with tiled roofs, in lieu of mud and thatched ones as now exist.

From Captain T. BECKLEY, R. E., Acting Superintending Engineer, First Division, to the Collector of the Godavery District, dated Camp at Dowlasweram, 21st September 1867, No. 163.

1. With reference to your letter, No. 59, of 31st August 1867, I have the honour to enclose a plan and estimate, amounting to Rupees 200, for building a Watching Shed with brick and chunam and with tiled roof.

1 Plan.
 1 Estimate.
 1 Specification.

2. I presume you will obtain the sanction of Government, through the Board of Revenue, for the number of sheds to be built.

(True Copies.)

(Signed) J. FRASER,
 Collector.

ENCLOSURE No. 2.—Plan.

ENCLOSURE No. 3.—Estimate.

ENCLOSURE No. 4.—Specification.

The estimate and plan, received with the above letter, will be returned to the Collector, with an intimation that the necessary sanction should be obtained from Government, in the Department of Public Works, through the Superintending Engineer of the Division.

(True Copies and Extract.)

(Signed) R. A. DALYELL,
Secretary.

To the Collector of the Godavery District,
with estimate, plan, and specification.

Copy to the Superintending Engineer, First Division.

Exd. J. Wright.

Returning to Collector of the Godavery District the estimate and plan for building Watching sheds of brick in chunam with tiled roof with intimation that necessary sanction should be obtained from Government D. P. W. through the Superintending Engineer of the Division.

Department.

*Proceedings of the Madras Government, Revenue Department,
7th December 1867.*

No. 155. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Dowlaishweram, 23rd November 1867, No. 194 :—

1. With reference to the Proceedings of the Board of Revenue, dated 7th instant, No. 7,278, (copy of which is enclosed,) I have the honor to apply for the sanction of Government to the construction of the twenty-one permanent watching stations for the use of the Customs and Frontier Establishments, which the Collector of Godavery requires in his district, at a cost of Rupees 4,200.
2. An estimate, with plan, of the cost of one station, is herewith submitted.

Referred to the Revenue Department for consideration as to whether, under the Orders of the Government of India, recorded in Financial Proceedings of the 29th November 1865, No. 548, the sheds in question should not be built by the Officers of the Revenue Department from funds to be provided for the purpose in the Civil Estimates of the ensuing official year.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

FORT ST. GEORGE,
3rd December 1867.

No. 156. ORDER THEREON, 7th December 1867, No. 2,929.

Miscellaneous.

1. Ordered accordingly that a provision of Rupees 4,200 for the watching sheds in question be made in the Revenue Budget of Charges for the ensuing year, under the head of Petty Construction and Repairs.
2. The work will be executed by the Revenue Department on the plan and estimate submitted.
