*Proceedings of the Madras Government, Public Works Department,
13th December 1867.*

No. 267. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Cuddapah, 29th November 1867, No. 2,313:—

1. In my letter, No. 491, of 22nd May 1867, I suggested that some restriction should be placed on Writers, &c., getting leave on Medical Certificate, and after having been away as long a time as they could get extension, and drawn as much pay as possible, suddenly resigning. Government, however, saw no reason for providing against such a contingency, considering that cases of that nature were of very rare occurrence.

2. As one case of this nature has lately occurred, and I have reason to believe that another is likely to occur shortly, I again bring the subject forward for the consideration of Government.

3. The case which has occurred was the undermentioned G. Chinnacannoo Pillay, who was an Overseer in the Department, obtained three months' sick leave in March last, and, when that time expired, obtained an extension of four months, and then apparently not being able to get another certificate, recommending an extension of leave, tendered his resignation. During the whole time of his absence, I had reason to believe that he had no intention of returning; but not having any positive proof, I could do nothing.

No. 268. ORDER THEREON, 13th December 1867, No. 3,871.

ESTABLISHMENT, No. 25.

The Government see no reason for modifying their Order of the 7th June last, No. 1,709. Heads of Offices can always use their discretion in disposing of applications for extensions of leave similar to those referred to in this letter.

In my letter N^o 491 of 22nd May 1867, I suggested that some restriction should be placed on Writers &c getting leave on Medical Certificate and, after having been away as long a time as they could get extension and draw as much as pay as possible, suddenly resigning. Government however saw no reason for providing against such a contingency, considering that cases of that nature were of very rare occurrence. —

One case of this nature has lately occurred and I have reason to believe that another is likely to occur shortly, I again bring the subject forward for the consideration of Government. —

The case which has occurred was the undersignedly Chinamannoo Pillay, who was an Oversee in the Department obtained three months sick leave in March last and when that time expired obtained an extension of four months, and then apparently not being able to get another Certificate recommending an extension of leave, tendered his resignation. During the whole time of his absence I had reason to believe that he had no intention of returning, but, not having any positive proof, I could do nothing. — I have &c.
