*Proceedings of the Madras Government, Public Works Department,
18th December 1867.*

No. 354. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Dowlaishweram, 2nd December 1867, No. 201 :—

1. With reference to G. O., No. 2,337, dated 2nd August, authorizing the transfer to Ganjam, two of the Godavery dredges for service on the Chilka canal, and ordering the Superintending Engineer to make his own arrangements for the despatch of the dredges, I have the honor to state that I have no steamer at my disposal capable of towing a dredge from Cocanada to Gopalpore.

2. I therefore beg that the necessary orders may be issued to the Marine Department, to detach a steamer for the service.

3. The Master Attendant of Cocanada, and Sea Customs Superintendent of Ganjam, agree in stating that the dredges should be towed up after the 15th January, and that then there will be no difficulty or risk. The Sea Customs Superintendent of Ganjam anticipates no danger in crossing the bar into the back-water at that port.

4. I have directed the Executive Engineer in charge of the Dowlaishweram Workshop to make the dredges sea-worthy, by taking down and packing below all the superstructure and movable parts of the machinery, caulking decks, housing in boiler, &c., &c.

No. 355. ORDER THEREON, 18th December 1867, No. 3,913.

CIVIL WORKS, No. 61.

The Superintendent of Marine will be requested, through the Marine Department, to arrange for the dredges referred to in this letter being towed to Gopalpore by a Government steamer, for service on the Chilka canal.
