Proceedings of the Madras Government, Public Works Department, 9th February 1867.

No. 166. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp, Cheyar Anicut, 31st January 1867, No. 4,281 :—

1. I have the honor to inform the Government that it is my practice, and has been ever since I have been in charge of this Division, now nearly seven years, when at Madras, almost daily to inspect some of the works in progress of the Executive Officers, which process entails upon me considerable expense in carriage hire. I do not say that my conveyance is not also freely used for private purposes, but I do say that the use of it for public ends frequently entails the necessity of my hiring a second and even a third horse during the day.

2. The Government are aware that travelling allowance is denied to an Officer not visiting works more than five miles from his residence, so that although I travel often many miles on inspection duty during the day, I receive no reimbursement in the shape of travelling allowance or fixed tentage while at the Presidency.

3. It is much opposed to my feelings to address Government on a subject of this kind, but as I have been a loser for the last three and a half years, I now take it up and leave it to them to say whether any grant, and if so, how much, should be made to me as 'conveyance allowance' while at the Presidency.

No. 167. ORDER THEREON, 9th February 1867, No. 402.

ESTABLISHMENT, No. 17.

The Government admit the validity of the claim preferred in this letter, and they authorize the Controller of Public Works Accounts to pass to Colonel Boileau carriage allowance at the rate of Rupees 50 per mensem during each period of his stay at the Presidency.
