REMARKS.

I. As the estimated outlay on this road is in excess of Rupees 10,000, the sanction of the Government of India to the execution of the proposed improvements is necessary. In bringing the project before Government, the Collector remarks that "there can be no hesitation as to the expediency of the outlay in the interests "of general traffic, and more especially in view to the establishment of postal service "by a mail cart, for which object a local Company has already been formed."

II. No expenditure has been incurred on the Military Prison at Wellington pending the sanction of the Government of India to the estimate for that work, submitted with letter dated 21st May 1866, No. 1,615. From the Memorandum from the Inspector General of Military Works, dated 28th June 1866, it appears that the estimate has been referred to the Military Department for consideration, and as at this period of the year it will be impracticable to spend on the building the whole amount of the Budget allotment should sanction be now received, it has been thought expedient to utilize the funds by appropriating a portion to other objects.

III. The Superintending Engineer having brought to notice that the prosecution of the Chilka canal project has been greatly retarded by cultivation and inundation, and that he does not expect to be able to spend the full amount of the grant made for it in letter dated 27th July 1866, No. 680A, a portion of the money has been diverted as shown in this Statement.

IV. The Superintending Engineer having surrendered this amount as unlikely to be spent on the new Commissariat Godown at Cannanore, its appropriation to the enclosure of the new Burial ground at Cannanore, for which no other funds can be spared, was authorized.

V. The minor work grant having been exhausted, these works have been undertaken from a sum of Rupees 20,000, which it is expected will remain unappropriated from the allotment of Rupees 73,494 for the Godavery Anicut.

which it is expected will remain unappropriated from the allotment of R. 73,494 for the Godavery Anicut.—

Memo

I. In the estimated outlay on this Road no provision of Rs 10000, the sanction of the Supreme Government, the execution of the project before Government, the carrying the project before Government, the Collector remarks that there can be no hesitation as to the expediency of the outlay on the subject of general traffic; and more especially "on account of the establishment of postal service by a mail cart," "in addition to the establishment of postal service by a mail cart," "for which object a road Conveyance has already been formed."

II. No explanation has been received on the Public Duty Plan as to Vellington Lighthouse. The sanction of the Govt. of India is the estimate for that work, dated 21st May 1887 Letter No. 21 Marg 1887 to Govt. Madras. The Superintendent of Public Works reported that the estimate for the Lighthouse, dated 20th June 1887, was submitted to the Board of Revenue, and was returned to the Public Works Department, with a request that the Government of India might be moved to sanction the Lighthouse, and that the Board of Revenue would be prepared to recommend the Lighthouse for sanction. The Government of India has not yet received the Board of Revenue's proposal, and the Lighthouse cannot be erected until the Government of India has sanctioned the proposal.

III. Maintenance of Lighthouses. - The Madras Light House Establishment is maintained by the Port Trust, and the Port Trust has been requested to maintain the Lighthouse. (Revenue Project has been granted by the Government of India.)

IV. Cannanore Burial Ground. - The Collector reports that the Burial ground at Cannanore is full and unsuitable for the purpose. The Collector has applied for a new Burial ground at Cannanore, for which no other funds can be spared.

V. The minor work grant having been exhausted, there remains a balance of Rs 2,223 for the Godavery Anicut. -
