Dated 12—8—1891

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
12th February 1867.

No. 208. Read the following letter from the Acting Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Madura, 29th January 1867, No. 1,869:—

1. I have the honor to forward Statements of savings in the Madura and Tinnevelly Districts, as required by G. O. No. 5 of the 3rd December 1864. There is a saving of Rupees 279 under the head Repairs Military, in Tinnevelly, from the allotment for Cantonment roads; this is caused by the maintenance of these roads becoming a charge on the newly established Municipal Commission.

Eight Statements.

I have not yet received, from the Engineer of the Travancore States, a Statement of the progress he has made on various Military works ordered to be carried on at Quilon, and I, therefore, beg that the item of Rupees 279 may remain untouched, till I can report on the works at Quilon.

2. The following is an abstract of the interchanges for which I ask sanction, between different Budget heads, and between the Madura and Tinnevelly Districts:—

	To be deducted from	RS.	*To be added to*	RS.
New Work.				
Madura	Station-house at Dindigul ...	618	Madura, temporary accommodation at new Jail	618

	Repair Communications, Beach road, Tuticorin	205		
	Repair, Tools	100		
		3,333		3,333

The amounts of the three first items, under the head 'New,' correspond with each other; a sum of Rupees 618 is required to complete the temporary accommodation at the new Madura Jail, in addition to Rupees 4,200, granted from the Reserve Civil Buildings in G. O., No. 3,819 of the 30th November 1866, on account of more quarters being necessary for the extra Police guard moved out to the Jail Camp, and the money can be obtained from the Station-house at Dindigul.

A sum of Rupees 455 is wanted for improvements to Subsidiary Jails in the Tinnevelly District, which I was directed* to adjust later in the year, by a diversion of funds granted from the Reserve; the amount can best be provided from the grant of Rupees 4,000† for the Public Offices at Tuticorin.

* G. O. No. 3,274, 13th October 1866.

† *Vide* G. O. No. 3,359 of 20th October 1866.

Under "Repairs," a sum of Rupees 205 is given up from the Beach road, Tuticorin, as the maintenance of that road now devolves on the Municipal Commissioners, and this sum, together with the balances of the allotments given up, provide for the requirements, to the extent of Rupees 3,333.

The

3. There still remains the demand for an additional allotment for repairs Agricultural :—

In Madura	Rupees	4,123
In Tinnevelly	„	1,885
	Total Rupees	6,008

An application was lately made for a special grant on account of heavy rains and the breaching of tanks in the Madura District, but without‡ success. From the same cause additional funds have been applied for from the 3rd Range, Tinnevelly. If the total sum, Rupees 6,008, as demanded by the Range Officers, cannot be transferred from another division, I would beg that, at any rate, I may have for

Madura	Rupees	2,400
Tinnevelly	„	1,800
	Total Rupees	4,200

4. While then the arrangements as above may be considered necessary, I would ask for the following sums also, if funds are available from other divisions, viz. :—

For the new Court Houses at Madura	Rupees	2,000
Do. new Jail at Madura	„	5,000
Road No. 26 from Tirumangalam, through Pulney, to the Coimbatore boundary	„	2,000
	Total Rupees	9,000

These works are in rapid progress, and if early sanction is given for the additional amounts, they can, with advantage, be laid out by the close of the official year.
