Secretary to Government.

To the Superintending Engineer, 7th Division.
" Controller of Public Works Accounts.
" Accountant General.

Proceedings of the Madras Government, Revenue Department, 9th February 1867.

No. 103. Read the following Proceedings of the Board of Revenue, dated 19th January 1867, No. 392.

Read the following letter from the Collector of South Canara, to the Secretary to the Board of Revenue, dated Mangalore, 20th December 1866, No. 231:—

1. I have the honor to forward, for sanction, a plan and estimate, for the construction of a quay-wall near the Sea Custom House at Kangarkatta, in Barcoor, amounting to Rupees 820, entered in the Local Fund Budget for 1867-68.

2. The necessity for the above work has been long felt, and Mr. Morris had these papers prepared in 1864, but which remained so long without being brought forward for want of funds wherewith to meet the cost.

3. The Superintending Engineer is of opinion that the work should be undertaken from "Port Funds" in consideration of the scantiness of the District Road Funds; the accumulations of the Port Fund have, however, nearly been exhausted on the improvements made on the Mangalore Quay, which is not still completed. Now, that the Road Cess has been introduced, the District Road Fund, to which it is to be credited, will be largely augmented, and will certainly admit of extensive operations being carried out hereafter from its resources.

ENCLOSURES Nos. 1 and 2.—Estimate and Plan.

The Board observe that the work in question was excluded by Government from the Local Fund Budget; but, under the circumstances stated by the Collector, it will be again brought under consideration as being a work decidedly assisting, and thereby benefiting the road-traffic.

No. 104. ORDER THEREON, 9th February 1867, No. 338.

Local Funds, No. 8.
Civil Works.

1. The Government approve and sanction the execution of the work in question from the source indicated by the Collector.

2. They observe that it could not be properly charged against the District Port Fund, to which the contribution of the port of Kangarkatta must be very trifling.
