No. 21. Read the following letter from Captain H. YULE, Officiating Secretary to the Government of India; to H. FORBES, Esq., Acting Secretary to the Government of Fort Saint George, dated Fort William, the 28th January 1858, No. 441.

SIR,

I have the honor to acknowledge the receipt of your No. 2394, dated 24th Ultimo, forwarding revised Plans and Estimates for the Married Men's Barracks with necessaries for European Troops at Jackatallah, and am commanded to convey the sanction of the Governor General in Council to the amount by which these Estimates exceed those originally submitted, viz. Rupees (26,080) twenty-six thousand and eighty, as it would appear, and not Rupees (27,600) twenty-seven thousand and six hundred, as entered in your letter.

2. The excess on the Barracks I am to observe seems to be Rupees (16,840) sixteen thousand, eight hundred and forty, and on the Privies (of which one was included in the former estimate) Rupees (9,240) nine thousand, two hundred and forty, or in all, Rupees (26,080) twenty-six thousand and eighty, as above mentioned.

3. The original enclosures of your letter under reply and of your previous communication No. 1277, dated 1st July 1857, are herewith returned.

No. 22. ORDER THEREON, No. 537; dated 25th March 1858.

Ordered to be communicated to the Chief Engineer, who will instruct the District Engineer to proceed with the buildings in connection with the Jackatallah Barracks sanctioned in the above letter.

2. The additional outlay for the Barrack Project recommended by this Government for the sanction of the Government of India, it is observed, corresponded with the sums mentioned in Colonel Faber's letter of the 5th November 1857, No. 4977, viz.

Additional expenditure for the Married Men's Quarters.....	Rs. 14,700
Cost of Privies to.....do.....	12,900

Total Rupees...27,600

3. The Government of India however, have, in their present letter, granted sanction to only Rupees 26,080 as the correct amount of the additional outlay, viz. Rupees 16,840 for the Barracks and Rupees 9,240 for the Privies; of which latter buildings, they remark, provision was made for one in the former Estimate. The Right Honorable the Governor in Council therefore requests the Chief Engineer will furnish, at an early date, a full and distinct explanation in respect to the apparent errors noticed above, in view to a communication being addressed to the Government of India on the subject, if necessary.

4. The documents transmitted in original to the Government of India with the despatches noted in the margin† not having yet reached this Department, the Government resolve again to request the Supreme Government that the same may be returned as early as practicable.

†22nd April 1857, No. 759.
24th Decr. „ „ 2394.
