MADRAS RECORD OFFICE

Government of Madras.

DEPARTMENT

G.O. No.	1000-1-10
Date	25/1/10

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 30th March 1858.

No. 68. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 9th March 1858, No. 7949.

SIR,

1. I have the honor to forward a plan and Estimate amounting to Rupees (130) one hundred and thirty, for enlarging the Powder Magazine attached to the Barracks under construction for the use of the local Sibbundy Corps at Narasapatam.

1 Plan.
1 Estimate.

2. The Plan and Estimate have been prepared by the Acting District Engineer of Vizagapatam, on the requisition of the Officer Commanding the local Sibbundy Corps at Narasapatam. It is reported that the Magazine is too small to contain the quantity of powder required for the present number of Sibbundies, and this of course, will be greatly felt when the number of men is doubled as is being now done. It is also stated that the existing building is so much out of order, and in every way so unsuited to the purpose, that it is not possible to keep powder any longer with any degree of safety in so dilapidated a structure.

3. Under these circumstances I beg to recommend that sanction may be granted for the immediate execution of the work on emergency, the estimated amount Rupees (130) one hundred and thirty, being moderate and sufficient for the purpose.

No. 69. ORDER THEREON, No. 564; dated 29th March 1858.

The Right Honorable the Governor in Council sanctions out of the one lac fund, the Estimate submitted with the foregoing letter, amounting to Rupees (130) one hundred and thirty, for enlarging the Powder Magazine attached to the Barracks under construction for the use of the local Sibbundy Corps at Narasapatam in the District of Vizagapatam.

(Signed) H. FORBES,
Acting Secretary to Government.

Sir,

1. I have the honor to forward a Plan and Estimate amounting to Rupees 1130 of One hundred and thirty for enlarging the Powder Magazine attached to the Barracks under construction for the use of the Local Sepoily Corps at Mursipatam.

2. The Plan and Estimate have been prepared by the Acting District Engineer of Vizagapatam, on the requisition of the Officer Commanding the Local Sepoily Corps at Mursipatam. It is reported that the Magazine is too small to contain the quantity of powder required for the present number of Sepoilies and this of course, will be greatly felt when the number of men is doubled as is being now done. It is also stated that the existing building is so much out of

of Order, and in every way so unsuited to the purpose, that it is not possible to keep powder any longer with any degree of safety in so dilapidated a structure.

3. Under these circumstances, I beg to recommend that sanction may be granted for the immediate execution of the work on Emergency, the Estimated Amount Rupees /130/ One hundred and thirty, being moderate and sufficient for the purpose.

I have the honor to be
