Proceedings of the Madras Government, Public Works Department,
26th February 1867.

No. 503. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Cochin, 9th February 1867, No. 222 :—

1. I have the honor to report, with reference to G. O. No. 2,223 of 14th July, that the materials of the ruined Range Office at Neddivuttum had better be made over to Major Farewell for use in the construction of store or tool sheds for the works on the new Goodaloor Ghaut.

1 Plan and one Estimate No. 42 of 1866-67, Rupees 1,500.

2. I herewith submit plan of a corrugated iron Range Office, which Major Farewell engages to run up in a couple of months at Neddivuttum, if funds are forthcoming in April. It would cost Rupees 1,500, but the value of the materials will be recoverable to a great extent, and the office would be movable elsewhere when the works on the ghaut and east and west of Goodaloor are completed. Meanwhile, it would be a great convenience to Officers and Overseers employed on any of them, and I recommend that it be sanctioned as an experiment, a sheltered spot being chosen for the site.

No. 504. ORDER THEREON, 26th February 1867, No. 569.

CIVIL WORKS, No. 78.

1. The arrangement proposed in paragraph 1 is approved.

2. On the recommendation of the Superintending Engineer, the Government sanction the estimate of Rupees 1,500 for the erection of a corrugated iron Range Office at Neddivuttum, and Colonel Walker will apply for the necessary funds after the 1st April next.
