G.O. No. 574-575	Press Mis.
Dated 26-2-57	18 57.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
26th February 1867.

No. 514. Read the following Proceedings of the Board of Revenue, dated 19th February 1867, No. 1,017:—

Read the following letter from the Collector of Nellore, to the Secretary to the Board of Revenue, dated Podalakuru, Rapuru Talook, 28th January 1867, No. 15.

1. I have the honor to forward a plan with estimate, amounting to Rupees 795, for building a calingulah to the Mopuru west or new tank, received from the Superintending Engineer, with his letter, No. 86, of the 7th instant.

2. Colonel Winscom observes that this tank was badly breached during the hurricane of 1857, and though repaired again breached, apparently owing to the want of a proper means for the escape of the surplus water, and adds that till such an escape is provided, it is of little use to make earth repairs.

3. I fully agree with the Superintending Engineer, and beg that the Board will be pleased to obtain the sanction of Government, for carrying out the work from the "Reserve" allotment for 1867-68, as the estimate exceeds 500 Rupees.

Enclosures Nos. 1 and 2.—Plan and Estimate.

The plan and estimate, received with the foregoing letter, will be forwarded to the Secretary to Government, Department of Public Works, for disposal. They should have been submitted to Government by the Superintending Engineer, Second Division.

No. 515. Order thereon, 26th February 1867, No. 575.

CIVIL WORKS, No. 79.

The plan and estimate of Rupees 795 received with these papers for the construction of a calingulah to the Mopuru tank in the Nellore District will be returned to the Superintending Engineer of the 2nd Division in order that they may be re-submitted with the prescribed statement of irrigation and revenue. Without that statement the Government cannot judge of the expediency of the proposed outlay.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 2nd Division, with four original Papers.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 19th February 1867.

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated Podalakuru, Rapuru taluk, 28th January 1867, No. 15 :—

1. I have the honour to forward a plan with estimate, amounting to Rupees 795, for building a Calingula to the Mopuru west or new tank, received from the Superintending Engineer, with his letter, No. 86, of the 7th instant.

2. Colonel Winscom observes that this tank was badly breached during the hurricane of 1857, and though repaired again breached, apparently owing to the want of a proper means for the escape of the surplus-water, and adds that till such an escape is provided, it is of little use to make earth-repairs.

3. I fully agree with the Superintending Engineer, and beg that the Board will be pleased to obtain the sanction of Government, for carrying out the work from the "Reserve" allotment for 1867-68, as the estimate exceeds 500 Rupees.

ENCLOSURES Nos. 1 and 2.—Plan and Estimate.

The plan and estimate, received with the foregoing letter, will be forwarded to the Secretary to Government, Department of Public Works, for disposal. They should have been submitted to Government by the Superintending Engineer, Second Division.
