 I have the pleasure to
 inform you that the
 same has been received
 from the Chief Justice
 of the Supreme Court
 of the Colony, and is
 now in the hands of the
 Secretary of the
 Treasury, who is
 preparing to issue
 the same to the
 several Departments.

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 24th inst. in relation to the proposed purchase of the land for the proposed road. I have the honor to inform you that the same has been ordered to be done by the Board of Directors of the New York and Westchester Turnpike Road, and I have the honor to inform you that the same has been ordered to be done by the Board of Directors of the New York and Westchester Turnpike Road.

supersede those issued in
Extract from the Min:
of Gov: of the 11th Decr
1856, deciding that avenue
trees should be placed
under the charge of the
Engineer Department.

In their orders of
the 6th January, the Govern-
ment gave their reasons
for allowing the avenue
trees in Tanjore to remain
under the care of the Col-
lector. The trees are not
the property of Government,
and such improvements to
the interior of the villages,
conducive to the comfort
of the inhabitants, as it
has been decided that
the proceeds shall be
expended

expended on; can be carried
out for better by the Revenue
than by the Engineer au-
thorities. The avenues will
therefore, as already decided,
remain under the care of
the Collector.

The only trunk
Road in Tanjore is believed
to be the twelve miles
between Combaconam
and the lower Annai,
and if the trees along it
were planted by the road,
or the Engineer Department,
which the Government
doubt, the charge of them
will be made over to the
District Engineer.
