Proceedings of the Madras Government, Public Works Department,
27th February 1867.

No. 550. Read the following letter from the Acting Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Camp at Kassimcottah, 14th February 1867, No. 261 :—

1 Statement.
1 Plan.
1 Estimate.
1 Specification.

I have the honor to forward a supplemental estimate and comparative statement for improving the Salt Cutcherry at Nowpada. The original estimate, framed by Assistant Commissary Irving in September 1865, was sanctioned by Government in Order No. 3,739, of 9th December 1865, but no provision was made in it for roofing the enlarged building. There are also other errors which cause an excess of Rupees 195, for which amount I propose to make provision by reduction of allotment on the Trunk Road.

No. 551. ORDER THEREON, 27th February 1867, No. 593.

CIVIL WORKS, No. 90.

1. The Government sanction the revised estimate of Rupees 360 submitted with this letter for the extension of the Salt office at Nowpada, in the Ganjam District, but observe that the omission of so important an item as roofing should not have escaped detection when the original estimate was under examination in the Superintending Engineer's office.

2. Colonel Moberly states that he proposes to provide funds to meet the excess of Rupees 195 by a "reduction of the allotment on the Trunk Road." The Government cannot accept such vague references to grants for specific works, and must insist on a more particular allusion to the orders in which those grants were made.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Sir,

I have the honor to forward an Supplemental Estimate and Comparative Statement for improving the Water Supply at Curepipe - the original estimate for which was approved by Colonial Secretary's letter of 18th Sept 1865, and sanctioned by Government Order No 3739 of 9th December 1865, but no provision was made in it for roofing the enlarged building. There are also other items which cause an excess of Rs 196, for which amount I propose to make provision by reduction of allotment on the Tunnel Road.
