***Proceedings of the Madras Government, Public Works Department,***
*28th February* 1867.

No. 578. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Mangalore, 20th February 1867, No. 229 :—

With reference to Proceedings of Government No. 143 of 15th January, I have the honor to report that having landed at Cannanore on my way here, and inspected the Military and Jail works at that place, I have satisfied myself that Rupees 10,000 must unavoidably remain unexpended this official year out of the allotment of Rupees 30,000 for the new Jail, it being impossible to expend the same in procuring either additional labor or materials besides what is already taken up for the works in hand, progress with which has been most satisfactory. I request, therefore, that the amount named may be transferred to some other work.

No. 579. ORDER THEREON, 28th February 1867, No. 607.

ACCOUNT, No. 65.

The sum of Rupees 10,000 referred to in this letter will be added to the amount included in the Superintending Engineer's Statement of Savings submitted on the 13th February 1867.
