H. W. Prendergast Major R.E.
Dy Consulting Engineer for Railways

To

The Secretary to Government
D. P. Works
Fort St. George

Sir

I have the honor to forward herewith a Report and Plan of the proposed Railway from Madras to Arcot, and to request that you will be pleased to submit the same to the Government of India for the favorable consideration of the Secretary of State for India in Council.

2. The Report and Plan have been prepared in accordance with the instructions contained in your letter No 2276 dated 5th December 1872.

3. The Report is divided into two parts, the first of which contains a description of the line, and the second the Estimate of cost.

4. The Plan is on the scale of 4 inches to a mile, and shows the line from Madras to Arcot, a distance of 69 miles 40 chains.

5. The Estimate is framed on the basis of the Standard Gauge of 5 feet 6 inches, and the Rails are assumed to weigh 75 lbs to the yard.

6. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

7. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

8. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

9. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

10. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

11. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

12. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

13. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

14. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

15. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.

16. The Estimate is framed on the assumption that the Railway will be worked by the Madras Railway Company, and that the Rolling Stock will be supplied by them.
