Proceedings of the Madras Government, Revenue Department,
27th February 1867.

No. 390. Read the following Proceedings of the Board of Revenue, dated 12th February 1867, No. 844.

Read the following letter from the Collector of the Godavery District, to the Secretary to the Board of Revenue, dated Tanuku, 8th January 1867, No. 2:—

In reply to the Order of Government, No. 3,407, of 17th December 1866, communicated with the Board's Proceedings of 21st December, I have the honor to state that I objected to the charge of the establishment entertained by Mr. Rundall to Local Fund, because, although the Pound Fund is one of the sources of Local Fund Revenue, it does not in any other instance pay for the cost of seizing and impounding cattle. I think also that while formerly the license fees levied from boats for the use of the canals formed a portion of our Local Funds, the Lock Establishments were paid from Imperial Funds by the Engineers. It was in pursuance of the principle involved in this arrangement that I objected to Mr. Rundall's charge.

1. Submitted to Government, with reference to their Order dated 17th December 1866, No. 3,407.

2. The Collector's attention is called to the Board's Circular, dated 8th August 1866, No. XXIX., from which he will see that such charges as are referred to by the Superintending Engineer, 1st Division, should be defrayed from the Nanul Grass Fund. The Collector is accordingly requested to pay the charges of establishment to Mr. Rundall, and to debit the cost to the Fund in question.
