No. 95. ORDER THEREON, 5th March 1867, No. 671.

ACCOUNT, No. 15.

1. With these letters the Superintending Engineers of the 1st, 2nd, 3rd, and 7th Divisions submit Statements of New Works, Repairs, &c., the allotments for which are not likely to be spent by the 31st March next, and of those for which additional funds are required.

2. The following Memorandum exhibits in one view the sums which are surrendered in each District and the further grants which are applied for by the Superintending Engineers:—

Statement No. 1.

4. *Vizagapatam.*—The estimated cost of the Sea Custom Houses at Pudimadaku and Pentacottah is entered at Rupees 1,580, instead of Rupees 1,770 which is the amount sanctioned in G. O. No. 3,614, dated 14th November 1866.

Works for the Cross Drainage of the Ellore High Level Canal.

5. *Godavery.*—The current year's allotment for the work noted in the margin is given at Rupees 31,517, of which the Superintending Engineer proposes to surrender Rupees 6,517. Colonel Moberly appears to have lost sight of the Order of the 31st January 1867, No. 317, which supplemented the available funds to the extent of Rupees 1,486 by transfer from the grant for "Raising the Godavery Anicut." The actual sum which has therefore been diverted in these orders from the assignment for the former work is Rupees 8,003.

6. Rupees 5,679 are surrendered from the allotment for the new Central Jail at Rajahmundry. The early completion of this building being of the greatest importance, the Government took occasion repeatedly to press upon the attention of the Superintending Engineer the necessity for proper measures being taken to ensure the vigorous prosecution of the work, and they are now greatly disappointed to find that but little regard has apparently been paid to those orders, and that, notwithstanding that the current year's grant did not exceed Rupees 36,679, the Officer in executive charge feels himself unable to utilize even that limited sum.

7. The original Statements of Savings and Demands submitted by the Superintending Engineer of the 2nd Division on the 3rd February 1867 having been disposed of in the Order of the 15th idem, the differences between those Statements and the revised Returns furnished on the 17th February have been taken into account in these orders.

Statement No. II.

8. Calculating the allotment for the Coimbatore District for Repairs under "Agricultural" at Rupees 33,192, the Superintending Engineer proposes to surrender Rupees 5,000; but a sum of Rupees 132 having been diverted from this assignment in G. O. No. 563, dated 25th February 1867, the actual amount which is now available for transfer is Rupees 4,868.

Statement No. III.

9. *Vizagapatam.*—The sum of Rupees 1,200 which is applied for on account of the subsidiary Jail at Parvatipoor has been granted, but the Superintending Engineer will expedite the submission of the supplemental estimate, the amount of which, it is observed, will exceed that which accompanied Colonel Moberly's letter recorded in G. O. No. 110, dated 12th January 1867.

10. The estimate for completing the salt pans at Bimlipatam having been returned in G. O. No. 322, dated 1st February 1867, for re-submission in a complete form, the Government are unable to allot the funds for which the Superintending Engineer applies. Colonel Moberly will be careful to see that no outlay is incurred on these works until the estimate has been duly sanctioned.

11. *Godavery.*—The additional grant of Rupees 8,023, which is required for expenditure on the raising of the Godavery anicut, has been provided; but the Government must express their dissatisfaction with the Superintending Engineer's proceeding in having surrendered so lately as January last no less than Rupees 20,000 of the allotment for that work, when it must have been evident that a great portion of the funds thus diverted could be advantageously expended.

12. There are no funds at the disposal of Government which can be appropriated to the improvement of dredges &c., in the Godavery District.

13. Rupees1,000 only having been allotted in these orders for appropriation to the wharf at Cocanada, Colonel Moberly will be careful to see that the outlay is restricted to that amount.

14. *Kurnool.*—As the Order quoted in support of the estimate for "Tiling the roof of the Police huts at Patticondah" cannot be traced in the Government Office, Major Moberly is requsted to furnish a copy, and in the meantime to communicate with the Inspector General of Police regarding the funds* required for the work.

* Rupees 647.

15. *Bellary.*—No special allotments are required to adjust the small excesses on the works noted in the margin, as such excesses will doubtless be counterbalanced by savings on other grants.

Sir,

I have the honor to submit the accompanying Statements of redistribution of funds allotted in the current year for works undertaken in this Division.

2. These documents have been prepared in accordance with the forms circulated with G.O. Rs. 5 of 3d December 1864.

3. With the exception of the additional funds required for the Sail at Parvatipore, in the Vizagapatam District, all the sums entered in Statement No. 3 are within the amounts of the sanctioned estimates to which they refer.

4. The expenditure on the Parvatipore Sail has already been exceeded.

Statement No 1

Vizagapatam. The estimated cost of the Sea Custom Houses at Pudimadaka and Bntacottah is entered at Rupees 1580, instead of Rupees 1770, which is the amount sanctioned in G.O. No. 3614, dated 14th November 1866.

Godavery. The current years allotment for the work noted in the margin is given at Rs 31577, of which the Superintending Engineer proposes to surrender Rs 6577. Colonel Moberly appears, however, to have lost sight of the order of the 31st January 1867, No 317, which supplemented the available funds to the extent of Rs 14,867 by transfer from the Grant for "Raising the Godavery Anicut." The actual sum which has therefore been diverted in these orders from the assignment for the former work is Rupees 8003.

Works for the cross drainage Cline High Level Canal.

Rupees 5,679 are surrendered from the allotment for the new Central Jail at Rajahmundry.

The early completion of this building being of the greatest importance, the Government took occasion repeatedly to press upon the attention of the Superintending Engineer the necessity for proper measures being taken to ensure the vigorous prosecution of the work, and they are now greatly disappointed to find that but little regard had apparently been paid to those orders, and that, notwithstanding that the current years Grant did not exceed Rupees 36,679, the Officer in Executive charge feels himself unable to utilize even that limited sum-

Statement No. II.

Calculating the allotment for the Coimbatore District for Repairs under "Agricultural" at Rupees 33,192, the Superintending Engineer proposes to surrender Rupees 5,000, but a sum of Rupees 132 having been diverted from this assignment in G. O. No. 563, dated 25th February 1867, the actual amount which is now available for transfer is Rupees 4868.

~~Vizagapatam~~. The estimate for completing the Salt Pans at Bimlipatam having been returned in G. O. No. 322 dated 1st February 1867, for resubmission in a complete form, the Government are unable to allot the funds for which the Superintending Engineer applies: Colonel Mosherly will be careful to see that no outlay is incurred on the works until the estimate has been duly sanctioned.

Godavery The additional grant of Rupees 8,023 which is required for expenditure on the raising of the Godavery Ameut has been provided

provided; but the Government must express their dissatisfaction with the Superintending Engineer's proceeding in having surrendered so lately as January last no less than Rupees 20,000 of the allotment for that work, when it must have been evident that a great portion of the funds thus diverted could be advantageously expended.

There are no funds at the disposal of Government which can be appropriated to the improvement ~~in question~~ of ~~the~~ Dredges in the Godavery District.

Rupees 1000 only having been allotted in these orders for appropriation to the Coharf at Coconada, Colonel Moberly will be careful to see that the outlay is restricted to that amount.

at Patticondah" cannot be traced in the Government Office, Major Moberly is requested to furnish a copy, and in the meantime to communicate with the Inspector General of Police regarding the funds required for the work

Bellary No special allotments are required to adjust the small excesses on the works noted in the margin, as such excesses will doubtless be counterbalanced by savings on the other Grants.

Coimbatore The current year's assignment to the New Coonoor Ghat is Rupees 30,000 which the Superintending Engineer reports may be supplemented by a transfer of Rupees 20,000 from other Divisions. As there is very little prospect of additional funds being forthcoming for this work by the 31st March next, the expenditure should be restricted to the funds which are now at Colonel Walker's disposal.

The Government are at present unable to provide the

further

further grants which are required for the undermentioned new works but they will endeavour to meet the demands of the Superintending Engineers, later in the year
