MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 672- Press / Mis.-

96-97

Dated 5 — 3 — 1867.

Not to be folded or roughly handled

No. 96. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 21st February 1867, No. 1,390 :—

1. I have the honor to forward the Statements of Savings and Demands on account of Public Works in this Division during the current year.

2. The only large sums surrendered in the Tanjore District are under Repairs, viz., Rupees 3,545 6-1 under Civil Buildings, and Rupees 10,667-11-8 under Agricultural, the large allotment under the former head has proved to be more than is required, and the saving on the latter is due to the fact of the transfer of Agricultural Repairs to the Revenue Department* on the 1st April. The demands are on account of the lower anicut, for which Rupees 20,000 in excess of the allotment is required, and Rupees 4,938-6-9 on account of rough stone for the lower anicut, of this sum, however, only Rupees 1,889-10-9 appears under Tanjore, the balance having been paid in Trichinopoly, under which it appears to admit of the expenditure being adjusted.

* Paragraph 9 of letter No. 945, in G. O. 4,011 of 20th December 1866.

3. In the Trichinopoly District Rupees 5,000 is applied for on account of the scouring sluices in the Weyacondan channel, which have been commenced in order to admit of their being completed during the present working season.

G. O. No. 3,360, 20th October.

4. Rupees 21,657-10-9 and Rupees 5,000 are required for agricultural and road repairs respectively, to cover the damage done by the floods in October, the repairs having been commenced in anticipation of an allotment being made.

G. O. No. 3,725, 22nd November.

No. 97. ORDER THEREON, 5th March 1867, No. 672.

ACCOUNT, No. 16.

1. With this letter, the Superintending Engineer of the 6th Division submits his final Statement of "Savings and Demands" for the current official year.

Trichinopoly Part, II.

2. The allotments for Repairs under "Civil Buildings" and "Communications" are entered at Rupees 2,000 and 47,999, instead of Rupees 1,949 and 48,284 respectively. See G. Os. Nos. 3,970 and 3,063 of 1866. These alterations will reduce the amount to be surrendered under the former head from Rupees 893-7-0 to Rupees 842-7-0, and increase the sum to be set free under the latter from Rupees 700 to Rupees 985. It is presumed that the amount surrendered from the allotment for Repairs to Communications in Trichinopoly forms part of the grant for "Minor Repairs to roads."

3. The Right Honorable the Governor in Council sanctions the following transfers of funds :—

Under date the 5th March 1867.
Read the following

on the Superintending Engineer
of the 6th Division - (M.E. No 1390 of 21st Feby 1867)

With this letter, the Superintending Engineer of the 6th Division submits his final Statement of Savings & Excesses for the current Official year.

Trichinopoly Part II

The allotments for Repairs under "Civil Buildings" and "Communications" are entered at Rupees 2,000 and 47,999 in the Budget of Rupees 1949 and 48984-10 of 1866-67 of the G.O. Nos 3970 and 3163 of 1866. These allotments will reduce the amount to be surrendered under the former head from Rupees 893-7-0 to Rupees 842-7-0, and increase the sum to be set free under the latter from Rupees 700 to Rupees 985. It is presumed that the amount surrendered from the allotment for Repairs to Communications in Trichinopoly forms part of the grant for "Minor Repairs to roads."

The Right Honorable the Governor in Council sanctions the following transfers of funds.
