Proceedings of the Madras Government, Public Works Department, 7th March 1867.

No. 129. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 4th March 1867, No. 4,018 :—

I have the honor to forward herewith, in original, an abstract of the probable requirements of funds for the current month for the Presidency District, received from the Superintending Engineer, 4th Division, on the 28th ultimo, from which it will be observed that funds to the amount of Rupees 28,470, in excess of the sanctioned allotment for that district, have been applied for. The Superintending Engineer has, however, not taken credit for Rupees 50,000 allowed from the Income Tax grant for the bridge over the Cooum bar, which, being added, leaves a balance in favor of the Presidency allotment of Rupees 21,530, instead of the excess applied for, and the full amount of the application has been complied with ; but should the Superintending Engineer apply, in the course of the month, for the whole sum sanctioned for the bridge, and no additional amount be in the meanwhile placed at his credit, his requirements will then be in excess of the grant for the year, and beyond the competence of this Office to comply with without the special permission of Government.

(Enclosure 1, to be returned.)

1 Original Estimate from the Superintending Engineer, 4th Division, dated 27th February 1867.
