*Proceedings of the Madras Government, Public Works Department,  
10th January 1867.*

No. 155. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 28th December 1866, No. 1,150 :—

1. In continuation of letter No. 1,125, dated 20th instant, reporting the death of Mr. Sub-Engineer Martin, I have the honor to inform you that when Mr. Martin placed himself under medical treatment in November, he continued to carry on the duties of his range, as it was not possible to entrust Mr. Overseer Donaghue with the charge of the range, as he has but lately joined the department.

2. On the receipt of the medical certificate from Mr. Martin, I wrote to him and said that, if he wished it, I would at once relieve him, if only that he might not be harassed by public duties during his illness; he however wrote to say he hoped shortly to be able to return to his range, and that he could conduct the very light Office duties which devolved upon him at this season of the year. I did not, therefore, make an effort to relieve him till I received a second medical certificate extending his leave for another month, and the Supervisor sent to relieve him did not reach Trichinopoly till the 19th instant, or till after his death. Under these circumstances I have the honor to request that the Controller may be authorized to pass full pay for the late Mr. Martin, from the 1st November to the 18th December inclusive, the more so as he has left a widow and seven children almost unprovided for.

3. The late Mr. Martin had been sixteen and a half years in the Public Works Department, and from the Office Register appears to have given satisfaction to his superiors generally. He had been too short a time in this division to enable me to form an opinion regarding his merits.

No. 156. ORDER THEREON, 10th January 1867, No. 74.

ESTABLISHMENT, No. 13.

Under the circumstances so strongly urged by the Superintending Engineer of the 6th Division, the Government authorize the Controller of Public Works Accounts to pass the full salary of the late Mr. Sub-Engineer Martin from the 1st November to the 18th December 1866 inclusive.
