Government of Madras.

Public Works DEPARTMENT.

G.O. No. 765 Press / Mis.

281-282

Dated 13 3 1867.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
13th March 1867.

No. 281. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 2nd March 1867, No. 4,764 :—

1. With reference to the Order of Government No. 432, dated 11th February 1867, I have the honor to explain that the two works referred to in paragraph 2 were sanctioned by the Superintending Engineer, and the sums surrendered from those works being only Rupees 12 have been now omitted from the supplemental Statements herewith submitted, amounting to Rupees 30,633,* as per margin. These have been prepared in accordance with paragraph 9 of the G. O. above quoted.

3 Statements.

	Rs.
* New Works	27,124
Repairs	3,509
Total...	30,633

2. The details of the proposed reductions, under the head Repairs to communications, are now furnished as required in paragraph 8 of the above G. O.

as

IMPERIAL FUNDS.

MADRAS,
2nd February 1867.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

Proceedings of the Madras Government, Public Works Department,
13th March 1867.

No. 282. ORDER THEREON, 13th March 1867, No. 765.

ACCOUNT, No. 43.

No. 432, 14th February 1867.

1. In pursuance of paragraph 9 of the Proceedings of Government noted in the margin, the Superintending Engineer of the 4th Division submits two supplemental Returns showing the further grants which he proposes to surrender to complete the ten per cent. reduction ordered in G. O. No. 2,601, dated 18th August 1866.

2. The totals of these Statements amount in the aggregate to Rupees 30,633 as shown below:—

	Rs.
Sums surrendered from the allotments for New Works...	27,124
Do. do. for Repairs ...	3,509
Total...	30,633

3. The reduction of Rupees 2,000 which the Superintending Engineer suggests in the allotment for improving a portion of Trunk Road No. 13 between Teroomooshee and Coratoor is inadmissible, as the grant sanctioned for that work in the current official year was provided from *Income Tax* funds. Colonel Boileau will accordingly report in what manner he proposes to provide the amount which has been disallowed.

4. The Madras Water Supply Project from which Rupees 10,430 are surrendered, should be classed under "Agricultural" and not under "Miscellaneous Public Improvement."

5. A Statement of the details of the reductions under the head "Repairs to Communications" which were sanctioned in the Order of the 14th ultimo already quoted forms an enclosure to the letter recorded at the head of these Proceedings. In that return the Superintending Engineer enters the allotments for the undermentioned works without any deductions on account of the sums which were transferred from those grants to the head of "Establishments" in the Order of the 27th November 1866, No. 3,770. The necessary alterations have been made in the Government Office, and the Superintending Engineer will be careful to restrict the expenditure on the works in question to the actual available funds:—

Filling in ruts in the Ennore Road, Madras District.
Vellore and Arnee Road, North Arcot.
Road from Poiney to the Arcot Railway Station, North Arcot.
Road from Arcot to Arnee, do.

Supy. Engineers Office 1st Div.
Madras. 2nd February 1867.

A Wilcox Colonel R.E.
Superintending Engineer 1st Div.

P.W.D.

No. 765

Proceedings of the Madras Government
Under date the 13th March/67

Read the following

From the Supdg Engr 4th Dn (M. E. 2nd March 1867
No. 47,64)

No. 432 - 14th Feby/67

In pursuance of para 9 of the Proceedings of Govt noted in the margin, the Supdg Engr of the 4th Dn submits two supplemental returns showing the further grants which he proposes to sanction under to complete the ten per cent reduction ordered in G. O. No. 2601, dated 18th August 1866.

The

4 Engrs
Supdg Engr 4 Dn
&
Revenue & Agricl Dept

Read 22nd March 1867

Statements showing in detail the further reductions under the Rajahs & Zemindars

P.W. 784/67

Rec. 13th March/67 & Ans.

2. The totals of these Statements amount in the aggregate to Rs. 30,633 as shewn below.

Sums surrendered from the allotments for New Works	Rs 27124
Do for Repairs	3,509
Total	30,633

3 The reduction of Rs. 2000 which the Superintending Engineer suggests in the allotments for improving a portion of Trunk Road No. 13 between Kroomcoshee and Coraloor is inadmissible as the grant sanctioned for that work in the current Official year was provided from Income Tax funds.

Coll Boileau will doubtless report in the manner the proposes to provide the amount which has been disallowed

5 A statement of the details of the reductions under the head "Repairs to Communications" which were sanctioned in the Order of the 14th Ultimo already quoted forms an enclosure to the letter recorded at the head of these Proceedings. In that Return the Superintending Engineer enters the allotments for the undermentioned works without any deductions on account

* Para 4- The Madras Water Supply Project, from which Rs. 10,430 are surrendered, should be cleared under "Agriculture" and not under "Mis. Public Improvement".

account of the sums which were transferred from those credited to the head of "Establishments" in the Order of the 27th Novr. 1866, No. 3770.

The necessary alterations have been made in the Govt. Office, and the Supdg. Engineer will be careful to restrict the expenditure on the work in question to the actual available funds.

Filling in Ruts on the Arnee Road - Madras dist. Vellore and Arnee Road - North Arcot:

Road from Poiney to the Arcot Railway Station - do -

Road from Arcot to Arnee - do -
