From the Executive Engineer, Madras Water Works, to the Superintending Engineer, 4th Division, Madras; dated Red Hills, 14th February 1867, No. 9.

Having been informed that 1st Corporal Primm, who was employed under Mr. Fraser as a Leveller and Surveyor on this project, and several others which are under consideration, has tendered his resignation, I have the honor to request his services may, if possible, be placed at my disposal.

2. His salary when with Mr. Fraser was Rupees 100 a month, and travelling allowance at the rate of half a Rupee a day.

3. The advantages to me of having a man available, who has run many of the "trial" lines, and is generally acquainted with the "Bench marks," &c., and who could relieve me of some of the many levelling operations which will be required, you will readily understand.

---

Referred to the Educational Department, with reference to the orders in that Department, No. 360 of the 28th November 1866, and with a view to Corporal Primm being permitted to continue on the Madras Water Works as a special case, without detriment to his position in the Civil Engineering College.

FORT SAINT GEORGE,
