MADRAS RECORD OFFICE.

Government of Madras.

Public works **DEPARTMENT.**

G.O. No. 803 Press Mis.

355-87

Dated 15- 3 1869.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 15th March 1867.

No. 355. Read the following letters:—

From the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Public Works Department, dated Madras, 7th March 1867, No. 129.

1. I have the honor to request permission to remove the Order of Government, as per margin, from the List of Unanswered References.

No. 1,058, 28th April 1863.

2. It is now very doubtful when estimates for the part of the proposed line of canal in the Nellore District will be brought forward for sanction, and the Company having recently withdrawn the establishment, which was engaged in investigating that portion of the project, and transferred it to the line of canal above Cuddapah, it is probable that a considerable time will elapse before the Company will desire to extend their operations to Nellore.

No. 356. From the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Department Public Works, dated Madras, 7th March 1867, No. 130.

1. I have the honor to request permission to remove the Order of Government, as per margin, from the List of Unanswered References.

No. 250, 18th February 1862.

2. There is, I believe, no intention now of proposing the erection of any buildings on the Nulla Mullay hills, and at any rate there is now no appropriation for buildings generally, and should the Company at any future time revive the proposal to form a station on these hills, the estimates will come before Government in the usual manner, before any expenditure can be incurred.

3. I visited the hills in September last, and, as far as I could judge, the expense of making the plateau on the summit accessible from Yellagode, would be too great to make it desirable that the formation of the necessary road should be undertaken by the Company for the, use of the very limited establishment which would be likely, even were the buildings constructed, to occupy the station.

No. 357. ORDER THEREON, 15th March 1867, No. 803.

ESTABLISHMENT, No. 26.

No. 250, dated 18th February 1862.
„ 1,058, „ 28th April 1863.

Under the circumstances stated in the letters above recorded, the Government sanction the omission of the Orders noted in the margin from the Unanswered Reference List of the Consulting Engineer for the Madras Irrigation and Canal Company.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Consulting Engineer Madras Irrigation and Canal Company.

Madras, 7th March 1867.

No 130.

From,

Captain J. Hulme R.E.
Consulting Engineer P.W.C.

To

The Secretary to Government P.W.D.

Sir,

1. I have the honor to request per-
mission to remove the Order of Government,
noted in the margin, from the List of unanswered
references.—

2. There is a bell line, running between
the Western end of my buildings on the
Nulla Mully Hills, and a Kamy Lake there
is now no appropriation for building fence-
walls, and I think the Government will
therefore sanction the construction of fence
there being the proposed to form a station
on Mead Hills, the latter will come before
Government in the usual manner, before any
expenditure can be incurred.—

3. I would the Hills in September last,
