Proceedings of the Madras Government, Public Works Department,
16th March 1867.

No. 388. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account), to the Secretary to the Government of Madras, in the Public Works Department, dated Fort William, 26th February 1867, No. 227A :—

1. With reference to the correspondence as per margin, regarding the construction of a new building for the General Post Office at Madras, I am directed to say that, as at present informed, it appears to the Governor General in Council that this work is required for the efficiency of the postal service, and to request that, if His Excellency the Governor of Madras in Council concurs in this opinion, a grant may be arranged for it for 1867-68 by a re-appropriation of Budget credits in the usual manner.

Letter No. 2,645, dated 20th December 1866, from Director General of Post Offices in India, to Secretary to Government of Madras.
Proceedings of the Government of Madras, No. 257, dated 14th January 1867.

2. I am to add that the requirements of the case will probably be met if a sufficient sum is assigned to complete the foundations of the building next year, arrangements being made at the same time for a vigorous progress of the work during 1868-69. Meanwhile, if not already done, the Governor General in Council would wish that a plan and estimate for the building should be prepared as soon as possible, and submitted, if necessary, for the sanction of the Government of India.

No. 389. ORDER THEREON, 16th March 1867, No. 819.

ACCOUNT, No. 56.

Communicated to the Superintending Engineer of the 4th Division, who will report when the detailed plan and estimate for the new General Post Office at Madras referred to in paragraph 2 of the letter from the Postmaster General, No. 1,062 of the 21st August 1866, are likely to be laid before Government. Colonel Boileau will at the same time state what amount will be required next year to complete the foundations of the proposed building.
