CONCERNS BOTH BRITISH INDIA AND INDIAN STATES.

Proceedings of the Madras Government, Public Works Department, 22nd January 1867.

No. 422. Read the following letter from the Officiating Commissioner for the Government of the Territories of His Highness the Maha Rajah of Mysore, to the Secretary to Government, Public Works Department, Fort Saint George, dated Camp, Hoonsoor, 8th January 1867, No. 5,431-38:—

No. 3,798, dated 29th November 1866.

1. I have the honor to acknowledge receipt of your letter marginally noted, relative to the proposal of Major Sankey to construct reservoirs in the catchment basin of the northern feeder of the Ulsoor tank, and to state that I have called on that Officer to furnish information regarding the amount of water which would probably be intercepted from the Ulsoor tank by the proposed works, and the method by which he considers a compensating supply may be obtained by an open channel in the direction of Maloor.

2. I fully concur in the view of the Madras Government, that before any works are constructed on the principal feeder of the Ulsoor tank, the Government of Madras are entitled to secure a sufficient indemnity for the supply conceded, and no steps will be taken with regard to the construction of the reservoirs alluded to, until the above points have been determined.

No. 423. ORDER THEREON, 22nd January 1867, No. 207.
