1. I have the honor to submit, for the sanction of Government, a plan and estimate* for certain repairs and improvements to the District Moonsiff's Court House at Nundaloor in the Cuddapah District, prepared at the request of the Acting Civil and Session Judge, and to inform you that there are no funds available for the works.

No. 439. ORDER THEREON, 22nd January 1867, No. 215.

CIVIL WORKS, No. 92.

1. The Government sanction the estimate of Rupees 590 for repairs to the District Moonsiff's Court at Nundaloor in the Cuddapah District; and, as the Superintending Engineer is unable to provide the requisite funds during the current official year, they direct that the work be put in hand early in 1867-68, and its cost charged to the District allotment* for that year under the head "Repairs to Civil Buildings."

* Rupees 3,300.

2. The Government consider it objectionable and useless to place a District Moonsiff's treasury box in the position assigned to it on the plan submitted with the letter above recorded. They are of opinion that a better arrangement would be to place the chest in a corner, as shown in blue pencil on the plan; to brick up the window marked with a blue circle; to open a door at the point marked with a blue cross, and to remove the wall marked with four blue crosses if such can be done without damage to the proposed new arch.

3. This arrangement, besides supplying additional space for suitors and others, will admit of persons having business to transact with the Cash-keeper entering by a door in front of the treasury box, and will save them the trouble of making their way through a crowded Court.

4. It is believed that these slight alterations will not affect the estimate now sanctioned.
