Proceedings of the Madras Government, Public Works Department, 24th January 1867.

No. 500. Read the following letter from the Municipal Commissioners for the Town of Madras, to the Chief Secretary to Government, dated Madras, 16th January 1867:—

No. 197.

1. On the 17th February 1864, Government were pleased, in compliance with our request, to place at our disposal two iron barges which had for some time been lying idle in the Cooum, for the purpose of transporting street sweepings to the rubbish depôt at Munally, but stipulated that they were to be returned, when required by Government, in their then present condition.

2. As we could not undertake to comply with this stipulation, in consequence of the entire alteration required to be made to the internal arrangements of the barges, we did not avail ourselves of the permission to use them; and they have remained idle up to present date, and have doubtless deteriorated greatly from rust and other causes, so as to be scarcely serviceable for Government purposes, and we are therefore induced to renew our application for their transfer unconditionally to our department.

Transferred to the Department of Public Works.

Acting Under Secretary.
