527-528

Dated 28—1—— 1867.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 28th January 1867.

No. 527. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Arconum, 18th January 1867, No. 4,065 :—

1. I have the honor to submit, for the early sanction of Government, two plans and one abstract estimate, amounting to Rupees 1,300, for enlarging the present calingulah of, and constructing a new one with surplus sluices to, the Gazulmundium Madura Oddacassum large tank, in the Chendragherry Talook, Chendragherry Range, North Arcot District.

1 Abstract Estimate.
2 Plans.

2. The tank in question is situated close to the North-West Line of Railway, and it is therefore considered necessary for the safety of the latter as well as of the tank itself, that the proposed improvements should be carried out.

3. The Collector of North Arcot has countersigned the estimate in token of approval, but the promised Ayacut Statement has not as yet come to hand.

4. As, however, the works are urgently required, it is solicited that sanction may be accorded without it.

5. I am unable at present to name any funds for the works; but they will be provided for in the Statements of "Savings and Demands" shortly to be laid before Government.

6. An estimate, amounting to Rupees 203, for repairing breaches in the bank of this tank has been sanctioned by me for execution.

No. 528. ORDER THEREON, 28th January 1867, No. 259.

CIVIL WORKS, No. 105.

The estimate is sanctioned, and the works may be proceeded with on the understanding that the funds are provided by the Superintending Engineer later in the year.

(True Extract.)

Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division, with one Estimate and two Plans.
