Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Camp at Veeralimullay, 17th January 1868, No. 1,503 :—

1. I have the honor to forward an estimate for additions and improvements to the Talook Cutcherry at Kulitallay, the accommodation afforded by the old building being insufficient. The estimate was
- 1 Plan of Cutcherry at Kulitallay.
1 Abstract Estimate, Rupees 3,800.
1 Memorandum by Collector.

prepared nearly a year ago at the request of the Collector, but was not forwarded pending a settlement of the question relative to the provision of Lock-ups and Subsidiary Jails; the late Acting Collector, however, requested that the estimate might be submitted to him, and it has been returned by the Acting Collector with his countersignature and a Memorandum, which is enclosed.

2. The space round the Cutcherry is very limited, and should the additions now proposed be made, it will not hereafter be possible further to extend the building except on the side on which the Women's Jail is placed, and there, only as far as the outer wall of the Women's Jail, as a channel runs a few feet beyond the line of the wall parallel to the side of the Cutcherry.

3. No provision has been made for this work in the Budget of 1868-69.
