*Proceedings of the Madras Government, Public Works Department,
16th April 1863.*

No. 229. Read the following Endorsement of the Superintending Engineer,
4th Division, dated Madras, 4th April 1863. No. 112 :—

Read the following letter from the Executive Engineer, Madras Water Works, to
the Superintending Engineer, 4th Division, dated Red Hills, 31st March
1863, No. 546.

With reference to the accompanying application of Overseer Vurtharajoo,
I have the honor to state that I consider his work renders it necessary that he
should have horse allowance. The bridges, inlets, and channel under construction
in his charge extend for a distance of six miles.

From A. C. VURTHARAJOO, Overseer, Madras Water Works, to the Executive Engineer,
Madras Water Works, dated Camp at Singlecooppum, 17th March 1863.

I beg leave most respectfully to bring to your notice that I have to go over the line of channel
every day from Chollavaram to Cattangcall, a distance of about seven miles, which is under
my immediate charge; I am also required to supervise and watch closely the progress of the several
masonry works ordered to be executed on the line. To enable me to discharge the duties required
of me efficiently, I must necessarily keep up a small Pony, the maintenance of which will cost at
least 15 Rupees a month. As I am unable to meet this charge out of the small salary I get, I beg
you will be pleased, in consideration of the arduous and constantly travelling nature of my duties,
to obtain the requisite sanction to my drawing for the present single horse allowance from the
1st proximo. The allowance will not, I hope, be considered unreasonable, which Mr. Pimm, who is
in charge of work almost similar to mine, draws treble horse allowance, viz., Rupees 45 per month.

Leaving the rest to your kind consideration.

1. Submitted to Government for favorable consideration
2. There is no question that the Overseer would be more efficient if the grant
of 15 Rupees for single horse allowance be accorded to him.

(Signed) A. J. M. BOILEAU, Colonel, R. E.,
Superintending Engineer, 4th Division.

No. 230. ORDER THEREON, 16th April 1863, No. 1,146.

ESTABLISHMENT, No. 32.

As the Overseer referred to is classed
under "*Work Establishments*," the Super-
intending Engineer is competent to
dispose of this application.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.

Exd. S. T. Augustin.

Captain A. Deb. Scott, R.E.

Executive Engineer

Madras Water Works

Sir

I beg to most respectfully to
bring to your notice that I have to go over the line
of Ghimmb every day from Chollavaram to Cat-
tangeath, a distance of about Seven miles, which
is under my immediate charge, I am also required
to supervise and watch closely the progress of the
Several Masonry Works ordered to be executed on
the line, to enable me to discharge the duty of
my efficiency I must necessarily keep up a
small pony, the maintenance of which will
cost at least 15 Rupees a month. As I am
unable to meet this charge out of the small salary
I get, I beg you will be pleased, in consideration
of the arduous and constantly travelling nature of
my duties, to obtain the requisite sanction to my
drawing, for the present, Single Horse allowance
from the 1st proximo. The allowance will not,
I hope, be considered unreasonable which Mr.

Gimmb,

respective Engineer to the Works.

Mr. Gimm who is in charge of Works almost
similar to mine, draws table Water allowance,
Wage Rs 45 per month,

Leaving the rest to your kind
consideration.

I beg to remain

Sir

Your most Obedient & Grateful Servant

A. V. Venkataraju
