Proceedings of the Madras Government, Public Works Department.
17th April 1868.

No. 249. Read the following Endorsement of the Superintending Engineer, 4th Division, dated Madras, 31st March 1868, No. 5,883 :—

Read the following letter from the Executive Engineer, Madras Water Works, to the Superintending Engineer, 4th Division, dated Red Hills, 24th March 1868, No. 525.

1. I have the honor to forward, for your disposal, a communication I have received from the Controller, with reference to a charge made by me in my Office pay bill for the increased rates of salary of the two Sub-Overseers referred to in Government Order No. 600, of the 22nd February 1868. The Order, No. 1,725, dated 8th June 1867, had not come to my notice at the time I wrote my letter No. 401, of the 29th January 1868.

2. I may observe that, under a recent Order of Government (No. 663 of the 27th February 1868) the salaries of these two Overseers will be charged in the accounts of the Madras Water Works Project, and not to Establishment.

From the Controller of Public Works Accounts, to the Executive Engineer in charge of Madras Water Works, dated Madras, 20th March 1868, No. 4,719.

In reply to your letter No. 505, dated 19th instant, I have the honor to state, that in your application to the Superintending Engineer, dated 29th January 1868, No. 401, and recorded in Proceedings of Government, No. 600, dated 22nd February last, for increased rates of pay to the Sub-Overseers employed under your orders, no mention is made of those persons being unpassed Candidates, and considering that the Government have, in their Orders, No. 1,725, dated 8th June 1867, declined to sanction any relaxation of the rules in favor of the members of your Office Establishment, and that there is nothing to show whether the Government were aware that those two persons referred to by you were passed Candidates or not at the time the increase was sanctioned, I do not feel at liberty to over-rule the Orders of the 8th June in their favor, unless I receive a distinct order, specially exempting them from the operation of the Examination Rules.

1. Submitted to Government.

2. It appears to the Superintending Engineer that in the spirit of G. O., No. 3,323, dated 25th October 1867, the increased salaries lately sanctioned may be passed to the Sub-Overseers notwithstanding that they are unpassed men.
