MADRAS RECORD OFFICE.

Government of Madras.

P. W.

DEPARTMENT.

G.O. No. 1187.	Press
307-308.	Mis.
Dated 20-4-1868.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
20th April 1868.*

No. 307. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Camlapoor, Hospet Talook, 27th March 1868, No. 3,520 :—

1. With reference to G. O., No. 881, dated 18th instant, I have the honor to forward copy of a communication* from the Deputy Assistant Commissary General, Ceded Districts, to the Officer in charge of Military Buildings Range, from which it will be seen that that Officer does not consider that there is any urgent necessity for providing yards and sheds for cattle and yard for fodder in connection with the slaughter-yards proposed to be constructed at Bellary, consequently no estimate was prepared for these buildings.

* No. 24 of 1st June 1867.

2. I regret that when submitting the estimate, now before Government, for sanction, that I over-looked drawing their attention to Captain Heath's letter, which was forwarded with my letter dated 31st July last, No. 1,288, printed with G. O., No. 2,811, of the 12th September 1867.

From the Deputy Assistant Commissary General, Ceded Districts, to the Assistant Engineer, Bellary, dated Bellary, 1st June 1867, No. 24.

1. In reply to your letter No. 162, of 31st May 1867, I have the honor to observe, that Order of Government No. 716, dated 28th February 1867, paragraph 7, does not apparently contemplate the introduction of the system for the furtherance of which yards and sheds for cattle and fodder yards are necessary adjuncts of the proposed slaughter-houses. Under these circumstances, the erection of the latter does not appear to be a matter of urgent necessity at the present moment. I would, however, suggest that the probability of their being hereafter required should not be lost sight of in the selection of a locality for the slaughter-house.

2. Application has been made for the early selection of a site for the buildings. The enclosures of your letter are herewith returned.

No. 308. ORDER THEREON, 20th April 1868, No. 1,187.

MILITARY WORKS, No. 21.

1. Under the explanation now afforded by the Superintending Engineer of the 3rd Division, the Government sanction the estimate of Rupees 8,000 submitted with his letter No. 3,335, of the 12th March 1868, for the construction of a double slaughter-shed and yard at Bellary.

2. In selecting the site for the building, the possibility of a cattle and fodder yard being hereafter required should not be lost sight of.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,

Secretary to Government.

To the Superintending Engineer, 3rd Division, with one Specification.

- .. Controller of Public Works Accounts.
- .. Accountant General.
- .. Military Department.

Exd. S. T. Augustin.

No 24. Commisariat Office
Brillany 12 June 1867
To The Assistant Engineer
Brillany

In reply to your letter
No 162 of 31st May 1867, I have the honor
to acknowledge that order of Govt No
716 of 28th February 1867 para 4
does not apparently contemplate
the instructions of the system
for the furthrmance of which, yards
and sheds for cattle, and fodder
yards, and various adjuncts of
the proposed slaughter houses.
Under these circumstances, the
execution of the latter does not
appear to be a matter of urgent
necessity at the present moment.
I would however suggest
that the probability of their being
hereafter required should not
be lost sight of in the selection
of a locality for the slaughter
house.

Appreciation has been made
for the early situation of a
site for the buildings.

A. P. Webb Major R.E.
Superior Engineering Engineer 3^d Division

Pub. Works 1868 Septth

Pro. of Goot^h for April
