*Proceedings of the Madras Government, Public Works Department,
21st April 1868.*

No. 355. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account,) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 26th March 1868, No. 228 A :—

1. I am directed to acknowledge receipt of your letter No. 756, dated 6th March 1868, in which explanation is furnished of the circumstances under which the Government of Madras have provided funds for the erection of quarters for the Military married students of the Civil Engineering College from the grant for Military works.

2. In reply, I am to observe that the institution is purely a Civil one, and the charges for it are provided for in the Civil Budget Estimate. The Governor General in Council, therefore, considers that the outlay in question should properly be classified under the heading Civil Buildings, and the grant for it be provided from the allotment for other services. This, I am to remark, was the course adopted in the analogous case of quarters for Military students in the Civil Engineering College at Roorkee.

2. In reply, I am to invite attention to paragraphs 8, 9, and 13 of my letter of the 20th December 1867, No. 3,951, representing the inadequacy of the current year's assignment to Madras under "Civil Buildings" and "Communications," and as this Government find it impracticable to appropriate so large a sum as Rupees 17,390 from either of these sources to the quarters in question, I am to request that, as a special case, the Government of India will accord their sanction to the transfer of the amount from the head "Military," under which it now stands in the Budget, to that under "Civil Buildings."
