*Proceedings of the Madras Government, Public Works Department,
23rd April 1868.*

No. 426. Read the following Endorsement of the Inspector General, Indian Medical Department, dated Fort St. George, 15th April 1868, No. 147 :—

Read the following letter from Surgeon H. ADAM, to the Deputy Inspector General of Hospitals, Presidency Division, dated Vizagapatam, 1st April 1868, No. 43.

Lunatic Asylum.

With reference to Proceedings of Government of 18th March last, regarding the plans and estimates for the erection of a new building for this Asylum, and the order thereon, requesting the Superintending Engineer to proceed with the construction of the building on this date, I have the honor to report, for your information, that this must necessarily be postponed until a more suitable, convenient, and inexpensive site can be selected. I may state that Captain Beatty proposed a site on a mere sand-hill, on a very elevated ridge, overlooking the Native Infantry Lines, where though there might be air enough, the supply of water necessary for use in an Asylum intended for the accommodation and treatment of lunatics could not be commanded. I entered my objection to this site which he had chosen; I have submitted it also to the visiting Members of the Asylum, and I have to intimate that Captain Beatty awaits the expected early visit of Captain Ryves, the Superintending Engineer, before another site will be determined upon.

Forwarded to the Chief Secretary, for the information of Government, in reference to their Proceedings in the Judicial Department, No. 511, of the 25th ultimo.
