*Proceedings of the Madras Government, Public Works Department,
28th April 1868.*

No. 527. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Needamungalum, 6th April 1868, No. 21 :—

1 Plan, &c, of latrine.

* No. 1,752, of 14th March.
,, 1,779, of 20th „

1. In continuation of the subject of my letters noted in the margin,* I have the honor to enclose a plan and section of one of the latrines roofed in

under G. O., No. 635, dated 1st March 1867, from which you will observe that had gables not been provided at the ends of the building which face east and west, during the monsoons especially, the rain would have had access to the floors of the latrines, and the object of roofing in the latrines would, in a great measure, have been rendered nugatory.

2. As a pillar stands in the centre of what was the entrance on the east face, it was necessary to close that entrance, and the opening on the south face had to be altered to admit of the entrance of a cart.

3. The latrine for females is very similar to that for males, the entrance being on the west instead of on the east side.

† Rupees 1,800
„ 1,360
440

4. Under these circumstances, I beg that the estimate of Rupees 1,800, forwarded on the 20th ultimo, may be passed, and the extra expenditure incurred, viz., Rs. 440,† may be sanctioned.

No. 528.

ORDER THEREON, 28th April 1868, No. 1,295.

ACCOUNT, No. 44.

Under the explanation now afforded, His Excellency the Governor in Council sanctions the excess outlay of Rs. 440

which is reported to have been incurred on the roofing of the latrines of the 23rd Regiment Native Infantry at Trichinopoly.
