MADRAS RECORD OFFICE.

Government of Madras.

Public Relation **DEPARTMENT.**

G.O. No. 1313	Press <u>Mis.</u>
566-67	
Dated 29. 4	18/48.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
29th April 1863.*

No. 533. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Comaraswamy Mala, Bellary, 11th April 1863, No. 90.—

- 1 Estimate.
- 1 Report.
- 1 Ayacut Statement.

I have the honor to submit, for the sanction of Government, from the Agricultural Repair grant in the Cuddapah district, an estimate and report amount-

ing to Rupees 840 for improving the Tukkoie Yernacherroo tank in Sidhout talook of the Cuddapah district. The estimate provides for raising, strengthening, and for revetting, &c, the bank of the tank, and for increasing the capacity of the tank by raising the crown of the calingulali one foot, and for sundry repairs.

* Herewith annexed.

The Collector in sending in a statement* showing the extent of Ayacut and culti-

vation of Circar and Inam lands under the tank, states that if it is improved the whole Ayacut will be fully cultivated, and that additional assessment on about 15 acres of dry land and Fasaljasty to an amount of Rupees 200 will also be realized.

No. 567. ORDER THEREON, 29th April 1863, No. 1,313.

IRRIGATION, No. 23.

Sanctioned.

(True Extract.)

The Secretary to Government
 Public Works Department
 Madras.

Enc. 1 Estimate
 1 Report
 1 Agreement & Stat.

I have the honor to submit for the sanction of
 Government from the Agricultural Repair Grant under
 the Cuddalore District and District Report amount-
 ing to Rs. 300 for improving the Fish-hole Perachheroo
 Tank in Cuddalore District of the Cuddalore District.
 The estimate provides for raising & strengthening and for
 settling the bottom of the tank and for increasing
 the capacity of the tank by raising the crown of the
 fish-hole one foot and for sundry repairs. The collector
 in sending in a statement informs the extent of deposit
 and cultivation of Cinar and other lands under the
 tank & he states it is improved, the whole open lands
 be fully cultivated and that additional experiments as
 about 15 acres of dry land will be brought to an amount
 of Rs. 200 will also be realized.

I have the honor to be

A. W. S. Major R.
 Superintending Engineer, S. Division
