*Proceedings of the Madras Government, Public Works Department,
1st May 1863.*

No. 5. Read the following letter from the Secretary to the Government of India, Public Works Department, (Railway,) to the Secretary to the Government of Madras, Public Works Department, (Railway,) dated Fort William, 8th April 1863, No. 412 R:—

1. I am directed to acknowledge the receipt of your letter No. 904, of the 20th ultimo, and, in reply, to communicate the sanction of the Governor General in Council to an expenditure of Rupees 42,418, for carrying out certain works required in connection with the Iron Foundry proposed to be erected by Messrs. Hopkins, Gilkes & Co., near the Madras Railway Company's Workshops at Perambore, for the conversion of old and surplus Railway chairs into bowl sleepers.

2. It is understood that these sleepers are for the completion of the North-West Line and Bellary branch. Under these circumstances, it appears proper that the charge should, in the first instance, be made against capital, but when the contract for the supply of sleepers is completed, and the foundry and works become useful for revenue purposes, some re-adjustment of the charge will apparently be necessary.

3. I am, however, to add that the Government of India feels some doubt as to the proposed arrangements, for the supply of sleepers, being the most advantageous which could economically have been adopted.

4. This sanction has been registered in this Office as No. 6 R of 1863-69.
